State of Rhode Island Quarterly Cannabis Tax Distribution Report
 FY 2023 Local 3% Collections April 2023

Effective December 1, 2022, medical marijuana retailers were allowed to begin sales of adult use cannabis on which is imposed a local 3% excise tax. The data contained in this report is for the month in which the cannabis tax was distributed to the municipality by the Division of Taxation. Each distribution is for tax collections in the prior three months. The sales activity that generated the tax generally occurs in the month prior to when it is collected by Taxation. For example, cannabis tax generated from December sales activity is collected by Taxation in January and included in the April distribution report. Revenue is distributed to the municipality where the cannabis is delivered to the customer.

As April 2023 was the first local cannabis tax distribution, the monthly and year-to-date figures are the same.

The findings of the April 2023 Local 3% Cannabis Tax Distribution Report on a statewide basis are summarized in the table below:

Period of Distribution	Total Local Cannabis Tax
April 2023	\$335,762
Fiscal YTD	\$335,762
