**State of Rhode Island Quarterly Cannabis Tax Distribution Report
FY 2026 Local 3% Collections July 2025**

Effective December 1, 2022, medical marijuana retailers were allowed to begin sales of adult use cannabis on which is imposed a local 3% excise tax. The data contained in this report is for the month in which the cannabis tax was distributed to the municipality by the Division of Taxation. Each distribution is for tax collections in the prior three months. The sales activity that generated the tax generally occurs in the month prior to when it is collected by Taxation. For example, cannabis tax generated from December sales activity is collected by Taxation in January and included in the April distribution report. Revenue is distributed to the municipality where the cannabis is delivered to the customer.

The findings of the July 2025 Local 3% Cannabis Tax Distribution Report on a statewide basis are summarized in the table below:

Period of Comparison	July 2025	July 2024	\$ Difference	% Difference
Fiscal YTD-over-Fiscal YTD	\$758,400	\$664,068	\$94,333	14.2%
Year-over-Year	\$758,400	\$664,068	\$94,333	14.2%

Given that July is the first month of the fiscal year there are no differences between fiscal year-to-date and year-over-year cannabis tax collections.
