State of Rhode Island Monthly Local Hotel Tax Report
FY 2018 Local 1.0 Percent Collections September 2017

In June 2010, the Rhode Island Department of Revenue began issuing a monthly report on the collection and distribution of the local 1.0 percent hotel tax. The report is meant to be descriptive and does not purport to project or assess the collection of the local 1.0 percent hotel tax. The report provides data by municipality on the month-to-month, year-over-year, and fiscal year-to-date over fiscal year-to-date collections. A discussion of the municipalities with the largest and smallest percentage and nominal changes in these three measures will be included in the body of the report. It should be noted that early payments, late payments, and adjustments generated by hotel activity in prior months may be included in this report.

Expansion of the Local Hotel Tax Base to Vacation Rentals and Hosting Platforms

Effective July 1, 2015, the reselling of lodging by online travel companies, the unlicensed rental of accommodations via internet platforms and other media, and vacation home rentals became subject to the local 1.0 percent hotel tax. The Office of Revenue Analysis (ORA) has provided a breakdown of the local hotel tax base expansion components in the local hotel tax monthly and year-to-date collections by component tables. The City of Newport did not provide a breakdown of the local hotel tax base expansion components for July through September 2016. Thus, ORA was unable to include this information in the tables, and all collections from the City of Newport that were generated by the local 1.0 percent hotel tax during that period are listed under traditional hotels.

Analysis of Month-to-Month Collections
